Sir,

I have the honor to request your reference to the G.O. No.3386-91/PP 123-21-14 dated 28th November 1922, sanctioning the transfer of the catchment area of Sankey's Tank to the Palace.

1. The lands above the Tank have in accordance been taken over from the Municipality and the boundary lines fully marked in consultation with the Municipality. In fixing the fence line around the pumping stations A.B.C. in the attached plan it was found that this area had not been specifically mentioned in the former order. Further, the narrow strip of ground between the Municipal Boundary C.D. and the Orchard is entirely occupied by one of the Feeder-channels of the tank and is constantly being encroached upon by the adjunct cultivators which is a source of trouble both to the Municipality and to the proper maintenance of the tank. The Municipal Commissioner proposes and I agree that the Boundary of the Orchard be fixed on D.C.

3. I therefore request that the G.O. above quoted may be amplified to the effect that the Western Boundary of the Palace Grounds be fixed at A.B.C.D. as per plan attached.

I have the honor to be,
Sir,
Your most obedient servant,

P.P.

Sir,

With reference to your letter No.G.4753/P.P.69-24-2 dated the 30th December 1924, calling for certain information in the matter of the narrow strip of land on the south of the Sankey's Tank, proposed to be included in the Palace Orchard, I have the honor to state that the land shaded red on the --- plan is within the City Municipal limits. The whole of it does not form the catchment of the tank. The land between C & D is a part of the catchment, but the land between A B C is the low, more or less marshy ground below the bund of the tank. The whole of this formed part of the water works village as shewn in the Revenue Survey map of 1909 and can be verified therewith. It vests in the Municipality as it is included within the City Municipal limits. The Municipality has been enjoying the sale proceeds of amroi and grazing rights. It is not a private holding. The matter was --- considered by the City Municipal Council at the meeting held on the 17th instant and the Council has approved of the --- transfer of the said land to the Palace Orchard. A copy of the resolution is forwarded herewith for perusal.

2. The land in question measures about 25 acres.

3. The plan received with the letter under reply is returned.

I have the honor to be,
Sir,
